

About the Hikimoe Street Construction Project

The project objectives are:

1. Improve the bus operations at Waipahu Transit Center Rail Station
2. Enhance sidewalk aesthetics and add shade to improve the walkability along Hikimoe Street
3. Establish sustainable stormwater management by installing green infrastructure

This project includes the following:

- Pavement reconstruction from Waipahu Depot Street to Mokuola Street
- New bus shelters on makai side
- Widen makai sidewalk to 15 feet
- 4-lane roadway will be reduced to 3-lane
- 14 on-street parking loss: 10 on mauka side and 4 on makai side
- Realign raised crosswalk with the entrance to the new Rail Station entrance
- Landscaping, LED street light, and drainage improvements

Lane Closure

- Duration: April 2019 - November 2019 for a total of 8 months
- Local access to all driveways will be maintained during construction
- No activities will cause noise after 6:00 PM
- The Waipahu Transit Center restroom will remain open during construction

For information about the road closure or construction, call the 24-hour hotline at **(808) 543-3571**.

Rail Station Connectivity Project – Hikimoe Street

Update!!
