Contactless Payment
Riders can tap their HOLO card at the front door and spend a millisecond making payment.

Masks are Mandatory
Riders and bus operators are required to wear a mask while on board TheBus.

Air Circulation
The air conditioning system allows the air within the buses to change 35-70 times per hour depending on bus size and how often the doors open.

Bus Operator Compartment
We continue to have Aloha for all our riders. The plexiglass compartment allows the operator to see and interact with riders safely.

Nightly Cleaning
The nightly cleaning of buses continues with an emphasis on cleaning high-touch surfaces.

Employee Health Checks
Employees must check their temperature when they report to work.
