

UNITED SAFETY ACTIVE AIR PURIFICATION

With RGF PHI® technology

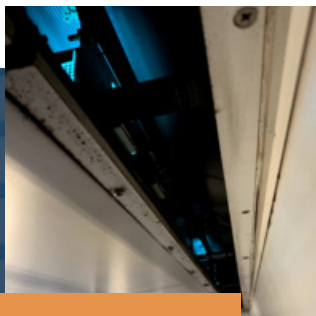

*School and Small Commercial
Bus Application*

TRANSIT BUS APPLICATION

HOW IT WORKS

- Sanitizes air and surfaces
- Sanitizes with **safe** levels of naturally occurring hydroperoxides
- Safe for all passengers
- Lowers overhead cost on traditional disinfectants
- Millions in service globally

RAIL APPLICATION

WHAT DOES IT DO?

- Kills 99% of germs, microbes, viruses, bacteria in air and on surfaces
- Effective against SARS, MERS, COVID Viruses
- Increases air quality and safety for ridership
- Causes no damage to interior surfaces
